

S.V.B. GOVERNMENT DEGREE COLLEGE, KOILKUNTLA, NANDYAL DIST

POLICY DOCUMENT FOR AWARDING SCHOLAR SHIPS AND FREE SHIPS

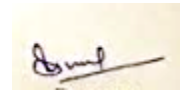

For any society to flourish, all sections of people should have access to quality education. In order to make this possible, state and central governments provide various types of scholarships to students at different levels of their studies. These scholarships enable students belonging to socially and economically disadvantaged sections to pursue their studies smoothly. It's a fact that the costs in education are rising with the passage of each year and it is in this context that scholarships provided by the governments play an important role in helping the deserving students to continue their higher studies and chase their dream. Scholarships play an important role in the establishment of a more egalitarian society by giving disadvantaged students access to higher education. S.V.B. Government Degree College is fully committed to lend a helping hand to the needy students, especially from ST's, SC's and Minorities in the form of scholarships and freeships.

The college takes every effort to support students from the neglected sections in applying for scholarships and getting them sanctioned. The college helps the students through the following measures:

- The Head of the Institution appoints senior faculty to look after the welfare of the students belonging to the Scheduled caste, Scheduled Tribe and minority groups.
- The faculty procures the list of eligible students from the administrative section
- The faculty is in possession of both a hard copy and soft copy of the list of eligible students.
- He / She sends a circular bearing the signature of the Principal giving the details of the names of students, Class, Section etc., to all the classrooms to let students know how to apply for scholarships.
- The eligible students should submit the details such as Bank A/C Number, Name of the branch, category etc., in the administration section while applying for scholarship.
- The faculty sends notice from time to time informing the students about the scholarships sanctioned to the students.
- The faculty ensures that the scholarship recipients get their scholarships without any hassles.

- In case of any eligible student not getting the scholarship, the faculty gets in touch with the Social welfare Department Officials and makes all efforts to resolve the issue.
- The College duly follows the reservation policy framed by the Government in the admission of students to various programmes.

Besides, in case of any grievance related to academic or administrative matters, students can approach the Grievance Redressal Committee.
