Policy Document On Environment and Energy Usage

The Environment and Energy usage Policy of S.V.B. Government Degree College, Koilkuntla to manage energy in such a systematic way so as to minimize its impact on the environment. The policy implies to explore the renewable energy resources to reduce the burden of the government and to find out substitute natural resources as solutions to the energy crisis.

Environment and energy policy is binding for all the components of the institution and applies to all its stakeholders and to the various activities undertaken by the institution. It will help us to embed efficiency and environmental awareness into our everyday activities, thus helping us to realize our responsibilities and commitment to conservation of natural resources and to limit its usage. The Eco Club, an official platform devoted to the cause of environmental awareness, to undertake green initiatives, and to conduct green literacy programs to save energy and to protect the environment.

Policies:

- To assess our energy usage and measure its impact on the environment.
- To develop rain water harvesting unit.
- To undertake tree plantation drive.
- To take additional measures to continuously improve our energy consumption.
- To encourage use of advanced technology to minimize energy consumption.
- To monitor and respond to emerging environmental and energy issues.
- To provide information and training opportunities on energy saving measures.
- To offer opportunities for Faculty and students to engage in initiatives those contribute to environmental protection.
- To train our students through our Eco-Club to make them 'Go Green Specialists' and partners to plant trees each year.

- To take additional measures to continuously improve our energy consumption.
- To provide information and training opportunities on energy saving measures.
- To install LED bulbs in the whole campus to save energy.

This policy will be communicated to the students via internal communication channels, and will be made available to all the stakeholders on the institutional website. The Environment and Energy Policy, objectives and targets will be reviewed on a regular basis by the Eco-Club Convener and its members under the guidance of the Principal of the college.
